Dear Mr. Schierloh:

This will acknowledge with thanks your recent express shipment to this office enclosing for destruction a quantity of dies for trade tokens of the approximate diameter of 10¢ United States coins.

Due to the pressure of other work, we have not yet had opportunity to itemize and inventory the dies forwarded by you. Should you require an itemized receipt for your records, please let us know and it will be sent to you in due course.

Your prompt and thorough cooperation in the matter is appreciated.

Very truly yours,

If Mrs. John Jones comes in your store today and tells you that her husband is paid every two weeks, and she wants to start a little charge account -- the chances are ten-to-one that you will accommodate her.

Two weeks from now, Mrs. Jones owes you \$22.00, and she brings in \$12.00 on account. At the end of the second two weeks, she owes you \$30.00, and this time she brings in \$15.00. Six months from now, Mrs. Jones is owing you \$67.50 -- and she hasn't one chance out of thirty of paying you up.

HOW MANY creeping credits of the same kind are you entertaining!

If Mrs. John Jones had signed an INGLE CASH CREDIT receipt, or note, and had been given her INGLE coins, with your name stamped on them -- when she had spent her first twenty dollars' worth, she would be in position to pay you rent on the note because you had given her something exactly the same as money.

Under the INSURANCE FEATURE, if Mrs. Jones' husband had been injured or sick, and if she had been paying up promptly, then the family would have had FREE GROCERIES, EVEN UP TO SIX WEEKS, without any cost to you.

Control of credits -- and an easy method of collecting your money -- are going to determine a whole lot of your profits.

Your average net profit is about 10%. So Mrs. Jones' deficit of \$67.50 means that you must sell \$670.00 worth of goods to make up the loss.

The INGLE CASH CREDIT SYSTEM will save all these drains -- and no end of worry. It is the ONE system in the world that will put your credit business on a cash basis and KEEP IT THERE.

Just turn these points over in your mind. Give them serious thought; because if you do, then you're going to experience the benefits that thousands of others have experienced. And IF any time is going to be all right for you to start, WHY isn't that time TODAY!

Won't you let us hear from you!

Very truly yours,

Sales Dep't.,

Now that you have the INGLE SYSTEM installed, we want you to get the FULLEST ADVANTAGE of its USE.

USE must determine the real VALUE of any system--and use is a matter of habit--of familiarity.

First of all, it's necessary that you and EVERY ONE of your clerks KNOW this system so thoroughly, you'll be ENTHUSIASTIC about it. That enthusiasm is going to help your customers see its advantages-- appreciate them--WANT them.

Second, be sure that ALL of you are familiar with its operation-- that you understand exactly what is to be done, and HOW it must be done. Once these facts are in your minds, NOTHING will ever get you away from this system--nothing can ever take its place.

From the outset, you'll find it SAVES TIME. It is always simpler to ring up a sale than it is to "charge it," and it is SAFER, too.

Just get into the practice of treating your credit customers like cash customers, and you'll find them falling in line, and realizing THEIR OBLIGATIONS when their promises to pay falls due. They will see their stock of coins running low, and that's a constant REMINDER that they owe you money.

What's more, you must STICK TO this system. Don't begin to make any exceptions to your rule. No rule is worth anything if it isn't followed--so follow this down to every detail.

And we know that by this time you are ADVERTISING IT--that you are acquainting your customers with it, and its advantages.

Now, if any question comes up that needs explanation, it is our pleasure to explain it to you right away. So don't fail to call on us-- at any time.

Very truly yours,

THE INGLE SYSTEM COMPANY.

How many times a day do you ring up the INGLE SYSTEM REGISTER as compared with your Cash Register? It isn't necessary to keep count, but it OUGHT TO BE about two-to-one.

Here's a chance now to take on AS MANY credit accounts as you wish. If you are in doubt as to a person's responsibility, INVESTIGATE. Make them give you references. Start them in small -- with a very LIMITED credit, and let them prove themselves as time passes.

Have you had any customer who says she cannot find her coins -- or has lost them? Just remember this, and tell her in a courteous manner, that these coins are the same as cash, and should be treated as such -- that you are no more responsible for what becomes of them than you are for what becomes of United States money.

Careless customers don't mislay valuable articles, especially cash. Careless customers are usually poor payers and should be taught the value of handling money.

How are you finding the matter of disputes -- don't you find that by closing each transaction as you go that these are entirely eliminated? Don't you find that if customers want any adjustment they ask for it then and there -- lots better than a lot of tag-end quarrels at the month-end that you otherwise would have to "square" at your own loss.

By this time, MOST of the receipts have fallen due. Haven't you found it a great deal easier to get the money than you did when you had "open accounts?" Just keep track of things, and you'll find LEAKS STOPPING mighty rapidly.

We believe that THE INGLE ECONOMY PLAN should be the smoothest kind of operation for you by now -- and we want you to get THE GREATEST BENEFITS out of it -- and that means that you MUST TALK IT.

Get your salesmen to talking it -- let them make it a real WEDGE to pry loose more business. Try it on your CASH CUSTOMERS who come in only incidentally. Get them to use it on a CASH BASIS.

Very truly yours,

THE INGLE SYSTEM COMPANY.

Attention Mr Shaerlow.
Dear Sir,

I havent been around Morgantown much in the last few months, but I expect to have an order from Mr Angotti of the Osage store soon for pennies. I was sorry to hear that Chaplin had folded its wings. What do you expect to do about this account? I did not get my last commission on Masciola account.

Another fellow and I expect to start a buisness where by we will use script as a medium of exchange for premiums. What can we figure for 100 pieces each of the five sizes?? At first we will need no pennies. But later we will need pennies and also more of the other sizes.

How soon can they be shipped, and how shall we pay for them?

Thanking you in advance,
for any favors also for past favors, I am

Sincerely yours,

Dear Mr. Schierloh

I have seen Mr. Angotti several times. They are putting in loading machines at Osage, but have not fully decided how many men to replace. He said it might be Labor Day before they decided definitely on amount of extra Permiss needed. I will follow up.

The store at your door is still alive. In fact it is getting hot. In fact the changes are phenomenal. Every change so far has included more scrip, until now scrip seems to predominate. The idea has grown from one store giving scrip to its patrons to a Premium Store. Advertis with Premiums. All stores that accept our advertising will be giving scrip. Instead of having a few hundred pieces of scrip we will need several thousand. How is that for growth? Will that help the scrip business?

100M Pennies @
10M nickels
25M Dimes
10M Quarters
5M Halves
1M Dollars

making \$10,000.00 face value. These to be delivered over a period of several months. We think that the redemption should take care of the outlay by the time we have the 10,000 in circulation. Now what will this cost? These to be delivered 5% first order, 5% second order, and the other at 10% on each order - Each order to be paid before the next one is advanced. *One thing a period of 30 days to carry the stock? 10%.*

We have the store room - Part of the Premiums selected, a few purchased, and an idea that will be a home dinger when it is working. What do you think? Can you offer any suggestions? Those Pennies will cost like the mischief.

Dear Mr. Schierloh.

You were very kind to make the Proposition you made about Scrip. But you were also mistaken about our being able to send you the forty dollars with the order. We are tied down to the last dollar. I will ask you to advance the extra forty. I will sign a note against the Business if you like, for sixty days and pay it before if possible.

I'd like you to make up the amounts you suggested and if possible get them here by September 15. We should need that much each 15 days. I hope to pay cash after the first order or at least half with order and the remainder in 30 days as per your letter. You are to hold the note to protect you on any subsequent order - This is the best way I know to suggest. Please do not disappoint me in this as so many of my "friends" have done.

I'll do my best to make this baby a success. Please believe me to be,

HOW MUCH DID SCRIP COST SIXTY YEARS AGO?

The above quotation was made by Osborne Register Co., Cincinnati, Ohio, on April 5, 1929, for the Amherst Coal Co., Amherstdale, WV. Note that 1 pieces cost \$34. for 1000 pieces. 1c pieces could be minted for \$8.40 for 1000. Note that the company guaranteed against counterfeit or duplication for a period of ten years from date of purchase.

Is this type of material of interest to my readers. Let me know when you submit your bids for the current sale. Thanks!

SOONER OR LATER...

Several readers have inquired about bulk lots of tokens and the items that did not receive bids in the Mail Bid sales. Too, I have not listed a host of lower rarity sets in TOKEN TALK. As soon as I can find time, hundreds of these items will be assembled and offered in the bulletin.

Mr. B. G. Scott, Buyer,
Sullivan Pocahontas Coal Co.,
Traloe, West Va.

My dear Mr. Scott:-

We have been crowded right up to the limit recently and I really haven't had an opportunity to run any samples. You of course realize it means the changing of all our design dies to do this.

Be assured of this however, Mr. Scott, our work will in all respects come up to your expectations and if you will kindly send us the data concerning your requirements, we will be pleased to render quotation without delay.

We enclose sample dollar scrip - being our regular scrip, without the special wording, but which will give you some idea at least of the kind of scrip we are turning out.

Assuring you of my sincere appreciation for past favors, and likewise of my assurance that your wants will always be properly cared for, believe me

Very sincerely yours,

Mr. B. C. Scott,
Sullivan Pocahontas Coal Co.,
Traleo, West Va.

Dear Mr. Scott:-

We are just in receipt of a wire from Mr. Ingle requesting that we send you several samples of our Regular scrip out of a lot now running. None of the runs are sufficiently advanced to enable me to do this. However, it may serve the same purpose if I send you the enclosed samples of Weyanoke Coal Co.'s (specially punched) scrip, namely one each of the 50, 25, 10, 5 and 1¢ pieces.

As you will note this scrip, with the exception of the 5¢ piece is made of copper. Copper, I may add does not make up as neatly nor as distinctly as brass - being a trifle harder than our regular "dead soft" brass it does not "flow" as freely in the dies in the process of stamping.

Since we have always made a practice of accounting for each piece of scrip - it will be appreciated if you will kindly return the enclosed at your earliest convenience.

Very truly yours,

Mr. D. F. Scott,
Coining Stores Company,
Trullee, West Va.

Dear Mr. Scott:-

We acknowledge receipt of your letter of the 12th., and esteem it a privilege to quote you on Patented Metal Scrip, and we say at the very start that if favored with your order we shall furnish you with scrip that you will at once recognize as representing a very high standard of workmanship and painstaking care in its execution.

On 3000 pieces of each denomination of scrip, from 1.00 to 1¢ inclusive, totaling 18000 pieces, we quote price of \$436.00

On 5000 pieces of each denomination of scrip, from 1.00 to 1¢ inclusive, totaling 30000 pieces, we quote price of \$730.00

All scrip to carry the same name, with no reference to cash redemption. But, with varying cut-outs, embracing the letters H, M, P, W, T and X, without additional cost.

Coins to be made up as to material, either brass, copper or nickel plated, to suit your pleasure.

Terms; 30 10 days from date of invoice or 30 days net.
F. C. E. Dayton, Ohio.

If we have not fully interpreted your wish as to quotation, be so good as to advise us as to what further information may be desired.

In conclusion permit us to say, that the splendid business we are enjoying, is not predicated upon how cheap we can make our Scrip, but how good- and in this we believe we excell.

Soliciting the favor of your business and awaiting your commands, we are

Dear Mr. Scott:-

Subsequent to submitting our quotation, we felt that perchance you might desire quotations on each individual denomination, since this would afford you a better working basis.

We therefore submit below quotations per thousand pieces on the various denominations, in lots of 3000 each and 5000 each as you requested. However we concluded in each case, both in the 3000 lots and the 5000 lots, to reduce the price of pennies to 1¢ each, which makes the total figure somewhat less than that previously submitted.

Dear Mr. Smith:

I have this week expedited the receipt of your order and presume that you have not yet received any bill of particulars.

Depend on us to suggest what if you get your order in any shape the way we have that deliver, and be offered for delivery, but installation, if desired.

If you have not yet decided on our material, we would be glad to offer any suggestions if you will inform us as to the volume of business you are doing at your store.

Remember, if you choose, you might authorize us to proceed with the less on our own side, since they require more than the side side. I presume that you have already decided what the is for but-onis that you mentioned in your recent letter.

These suggestions are merely offered in order that we may be able to give you prompt service should you want your trip by January, 1935.

We wish likewise to confirm the order of the \$50.00 deduction from our quotation previously submitted, and conforming with our conversation with you over the phone.

Mr. R. E. Brockman, General Manager,
Atlantic Smokeless Coal Company,
Asco, West Virginia.

Dear Sir:

Confirming our telephone conversation of today, we submit for your approval the following proposition.

We will fill your order as given under date of January 13th in full detail, with the exception of eliminating the Registers and substituting the Registers at Marine Smokeless Coal Company for the sum of \$712.00 on the following terms, a credit of \$50.00, leaving a balance of \$662.00 - \$162.00 payable thirty days from date of Invoice and the balance in four equal payments of \$112.50 each.

These Registers will be covered by the same guarantee as in your original order.

Without wishing to hurry you in the matter, I will appreciate if you will wire me your decision (charges collect) as we have already notified Marine Smokeless Coal Company, through the Norfolk, Va. office to return the registers, and should you accept them we could notify them accordingly before they made shipment.

Trusting the above will meet with your approval, I am

Gentlemen:

Answering yours of the 9th instant requesting payment of your invoice for \$93.75, beg to advise that the reason this has not been put in line for payment already is that the same man who sold us the metal money sold us the machine with which it was used. The machine was not delivered and put into service until the first of October and as you can readily see the metal money was no good without the machine. We have therefore, entered the invoice for payment about the 20th of November.

Gentlemen:

The writer's attention has been called to the 5¢ piece furnished you with the metal money sold us recently. This coin is almost identical with the U. S. one-cent piece and is giving our store force a lot of trouble. We do not understand why such a color was selected. It certainly was not selected by any representative of our company and we are writing to you if you cannot replace this with some other distinctive color so that it will not be confused with money.

Dear Mr. Brockman:-

Replying to your letter of the 2nd, would say that for the last seven years it has been our policy to substitute a different metal for the 5¢ pieces, so that the smaller denominations, being similar in size, might easily be distinguished, one from the other. This is the first complaint of its kind that we have received.

However that may be, we desire to see you satisfied and consider that of first importance. We would suggest that you return the 5¢ pieces to us, in say, two installments and we will either nickel them or punch a hole through them, either of which will effect the desired result.

Regretting the inconvenience your men may have been caused in connection with this matter, and awaiting your commands, we are

Dear Mr. Brockman:

Your favor of the 11th is at hand and we hasten to make reply.

A microscopic examination of both coins, noting closely the peculiarities of several letters and their placing, offer conclusive proof that they were both struck from the very same die - hence you need entertain no fear from the standpoint of duplication.

Once in so often the feed of the coining press will permit two dies to slip into the dies in which case the upper dies will only take the impression of the upper or face die. This explains the condition of the one coin which you submitted.

Gentlemen:

The Consumers Sales Tax Act has resulted in an exceptionally heavy demand for Penny Scrip and by reason of this abnormal demand, we are making exceptionally attractive prices on this denomination. If you have a requirement, let us have your inquiry.

Yours cordially,

Ingle-Schierloh Company,

J. H. Schierloh.

Dear Mr. Brockman:

When we quoted you under date of the 14th on various quantities of Penny Scrip, it would appear from our check-up, that we were under the impression that your Penny Scrip was pierced. Being in error as to this, we correct our figures to read as follows;

1st lot -	1.50	per C
2nd "	1.40	" "
3rd "	1.25	" "
5th "	1.00	" "
7th "	.95	" "
10th "	.90	" "
15th "	.85	" "

Terms net. F.O.B. Dayton.

We regret the error and trust corrected prices will have your consideration.

Yours cordially,

Dear Mr. Brockman:

As you would be well aware, we make you a most
attractive cigarette on the 100's, at the old design
of 10 and one design at 100's, and at 100's at quite
a low to moderate price. I believe we have done you.
Will you please be so kind as to send us a few
not in a position to do so? In our opinion, as
we have in the past?

Dear Mr. Brockman:

Replying to your valued favor of the 1st, we quote on
the following assortment of Cerip, all same as last--

300	Qs.	.05	Bronze	--	hole piercing
200	"	.10	Brass	--	Not pierced
100	"	.25	Brass	--	" "

Lot price of \$16.00 Terms net, 30 days.
Dayton, Ohio

Regret that we cannot furnish in cheaper materials than
the above. However, the cost of the metal itself would
make but a very slight difference in cost of the Cerip,
even if there were a lesser price metal we could use for
this purpose, since labor constitutes the bulk of the
expense.

Our prices will unquestionably be found attractive and we
hope to receive your order promptly which will have our
best attention. May we suggest that a sample of the .05
Cerip be sent us with order, so that an exact duplication
of the piercing can be made.

Attention, Mr. R. E. Brookman, General Manager

Gentlemen:

We have carefully examined the two pieces of Quarter Scrip submitted by you with your letter of the 28th and advise that both are genuine.

That which appears most worn, is part of a 300 lot of Quarters included in your initial order and covered by our invoice of August 18, 1925. Subsequently this design side die was displaced by a new arrangement of copy, as introduced in the later piece which is a part of a 200 lot furnished you on your order of September 25th, 1936, eleven years later.

Both checks were fitted into the dies and correspond therewith.

If all of the old pieces show as much wear as the sample you sent us, it would be well to order another lot to take their place. This is just a suggestion, however.

We return both samples herewith.

Yours very truly,

Gentlemen:-

Your Mr. S. G. Honshell gave our Mr. Ingle an order on the 7th for 300 Pieces 10¢ Scrip and 400 Pieces 5¢ Scrip and requested that we write you and request that you forward a sample of each of the 10¢ and 5¢ Pieces.

Will you please attend to this at once? We are enclosing a stamped addressed envelope herewith for your convenience.

Very truly yours,

Ingle-Schierloh Company.

P. S.- If you should be short on any of the other denominations or sizes, would suggest that you inform Mr. Honshell. We can run them through right with the above pieces

Mr. A. Sayers,
Store Mgr., Pond Creek Poca.Co.,
English, West Va.

Dear Sir:-

I have ordered from Ingle-Schierloh Company, Dayton, Ohio,
the following pieces of metal scrip:

300	-	10¢	pieces	- - - -	\$30.00
400	-	5¢	pieces	- - - -	20.00

I wish you would send them one piece of each denomination
for a sample. The salesman from whom I ordered this scrip stated
that he would write you for a sample but, if you will mail it to them
immediately stating that it is a sample by which the other scrip is
to be made, it will get your order filled quicker.

As soon as this scrip is received, which will be shipped
by parcel post, please count it very carefully and have the count
verified by Mr. Corley.

Yours very truly,

Field Auditor

Gentlemen:

A few days ago we received the metal scrip covered by your recent invoice in the amount of \$215.00. After putting the fifty cent pieces in circulation we have discovered that they are almost exactly the same size as our one dollar pieces which has caused a lot of confusion and we have found that we will have to take the new fifty cent pieces out of circulation to stop the trouble. It will, therefore, be necessary for you to make the fifty cent pieces in accordance with the sample which you now hold. Upon receipt of the corrected fifty cent pieces we will mail you our voucher to cover your invoice for \$215.00. We also request the return of our sample pieces which were forwarded you with our order.

Gentlemen:

We are returning today by express approximately 25 pounds old metal scrip of By-Products Pocahontas Company, now dissolved and permanently out of business. You will know, however, that we want this scrip totally destroyed. Whatever credit you find it possible to allow us is to be applied on the purchase price of 1,500 (Fifteen Hundred) one-dollar pieces for Pond Creek Pocahontas Company. This is to be perforated with a 'PP' and in all respects exactly the same as our last order for dollar pieces.

Your promptness will certainly be appreciated as we are very much in need of the new scrip.

POND CREEK POCAHONTAS COMPANY

B. F. HONCHELL
AUDITOR

BARTLEY
WEST VIRGINIA

NOVEMBER 5, 1930.

The Ingle-Schierloh Company,
Dayton, Ohio.

Gentlemen:

We have on hand about \$3,000.00 in metal scrip for By-Products
Pocahontas Company which is of no value to us since the dissolution of
that company. What value does this metal have in case we should want
to use it in exchange for new scrip made for our company?

We are going to need some additional scrip and thought you may be
able to give us some credit for our old scrip.

Yours very truly,

B. F. Honchell
AUDITOR.

H

November 7, 1930.

Mr. J. E. Marshall, Auditor,
Pond Creek Locobates Company,
Bartley, West Va.

Dear Mr. Marshall:

Just now in receipt of your letter of the 11th, with
regard to the Wy-Tyadon's Locobates Co., early.

In view of the fact that the price is \$10.00 per ton, from the
date of the contract, the price, of course, has
been raised to \$10.00. I have not a reliable value-
less paper, on the 1st of the month, however, a figure of
\$1.15 per ton, at the mill. In view of this variable
factor of price, we have either made a quantity of
material the company's account as the price of 10¢ per
ton, for which we have to be paid for the first of the month.
In view of the time of year of the winter Gulf Colliery
and, as I am especially concerned in considering a lot of their
old scrip of the same kind. It may be possible that
disposition should be made of the scrip locally. Our only
purpose in acquiring its return is to see that
it is definitely disposed of and not retained to circulation.

With personal regards and trusting you for best favors,

Sincerely yours,
INGLES-SCHIERLOH COMPANY,

J. H. Schierloh, Gen. Mgr.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For the one-half the unrepeat message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeat message and paid for as such, consideration whereof it is agreed between the sender of the message and this company as follows:

1. The company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeat-message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeat-message rate beyond the sum of five thousand dollars, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines; nor for errors in cipher or obscure messages.

2. In any event the company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the sum of five thousand dollars, at which amount each message is deemed to be valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeat-message rate is paid or agreed to be paid, and an additional charge equal to one-tenth of one percent of the amount by which such valuation shall exceed five thousand dollars.

3. The company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.

4. Domestic messages and incoming cable messages will be delivered free within one-half mile of the company's office in towns of 5,000 population or less, and within one-half mile of such office or towns. Beyond these limits the company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.

5. No responsibility attaches to this company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the company's messengers, he acts for that purpose as the agent of the sender.

6. The company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the company's transmitting office.

7. It is agreed that in any action by the company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.

8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to the foregoing terms.

9. No employee of the company is authorized to vary the foregoing.

THE WESTERN UNION TELEGRAPH COMPANY

SPECIAL TERMS APPLYING TO DAY LETTERS:

In further consideration of the reduced rate for this special Day Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of regular telegrams.

B. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely, and at all events; but that the Company's obligation to the sender is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular business hours, subject to the priority of the transmission of regular telegrams under the conditions named above.

No employee of the Company is authorized to vary the foregoing.

NIGHT LETTERS

Accepted up to 2:00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The stand-

ard telegram rate for 10 words shall be charged for the transmission of 50 words or less, and one-fifth of such standard telegram rate for 10 words shall be charged for each additional 10 words or less.

SPECIAL TERMS APPLYING TO NIGHT LETTERS:

In further consideration of the reduced rates for this special Night Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

Night Letters may at the option of the Telegraph Company be mailed at destination to the addressee, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Letters at destination, postage prepaid.

My dear Mr. Sayres:

In reply to your wire to hold up on the Powder and Cap Checks, until further advised, we wired you - "Schedule already arranged Powder and Cap Checks awaiting details proceed".

Had hoped to have information by now respecting any change in copy, since we assumed this probably was what held up the item, so that we might go ahead with the run, having everything in readiness.

We wired quotation to you and subsequently rearranged our schedule, so as to accomodate this item, since your inquiry of the 14th indicated that you were in a hurry for this material and we wanted to do our best to accomodate you and in fact we still are holding one of the presses in readiness for your reply to go ahead, inclusive of whatever change you may have in mind.

Trusting that you may have already sent your instructions and with very best wishes, we are,

My dear Mr. Myers:

Your letter of last week has been received and
that you desire to order 100 of the "Ingle-Techerloh"
models for each of the three models, No. 1, No. 2
and No. 3. Your first order was for a total of
\$4,000.00, to wit: the quantity last ordered was 1
that and half of the, so a total of 1,500.

In your letter, you stated you, "would like to have
more, but the quantity was not the same as the first."

We assure you Mr. Myers, if we could have made the
same price to you on this smaller quantity, we cer-
tainly would have done so, for we value our cus-
tomers' friendship and business. But since as you
of course know, requires a certain quantity, I will
not do a figure.

Hope to have the pleasure of serving you and wish
you every success,

Gentlemen:-

Your shipment of our recent purchase of \$5,000.00 in scrip reached us by express yesterday and upon being counted here in our office was found to be \$50.00 short. The wooden box had been broken open, evidently from being dropped, so that the scrip was visible through the packing. The \$50.00 rolls of dollars were in perfect alignment and did not show anything like you might expect if a roll had been picked off the top of the box. The box had been broken by being dropped and shows clearly that it struck each end on something solid. I would suggest that each end had struck a two or three inch pipe and the stress of the 80 pounds of scrip on the thin boards simply strained one of the boards in two. As I have said, nothing seemed amiss and it appears to me that the fact that the box was broken might have been merely incidental or might actually have been done intentionally with the purpose of throwing off suspicion. At least this is worth investigating at your end and we will thank you to let us know anything you find out about this there.

I wired you this morning about the man having the missing \$50.00 in Cincinnati, and I did not say so, but he had made an effort on three occasions to have this scrip duplicated. Whatever you may be able to do to help us stop this man will be appreciated and we will thank you to keep us advised what the developments are.

Yours very truly,

AUDITOR.

Mr. E. E. Monchell, Auditor
TOWN CLERK FOR HOTTEN COUNTRY
Bartley, N. Va.

My Dear Mr. Monchell:

Wrote of the 14th at head. With a quadruple check on quantities, it would seem next to impossible for us to send out a shipment "short", yet after an investigation at this end, such appears to be the case. Our first check, to the forwarding clerk, to the presser, secondly, the press count, then the wrappers' count and lastly, the shippers. For some unknown reason, in this instance, the wrappers misplaced a single roll of the lot (50) and by strange coincidence, it was not discovered in the shipping department. It may well be, that my reason of the lot of rolls meeting so well in the box, that it yielded to a little "looseness" in checking. However, we are glad to have discovered the roll, since it sets our minds at ease on the subject. The 50 pieces are being sent you under separate cover.

Had a long talk over 'phone yesterday, with your Mr. Mitchell and presumably he has given you all the facts. The fellow doubtless is ignorant, or he would not have made the attempt to obtain duplicate scrip, in the manner he did. The piece he had, which finally reached Mr. Mitchell, was one of the very old pieces, brass, nickel plated and well worn - not any of the later lots which are Nickel Silver. He also had a piece of Cranberry Seal and CCB scrip and the fact that he could display these, emphasizes his limited mental equipment. We had supposed at first reports that a really malicious attempt at duplication was being made. The fellow no doubt supposed that by presenting the piece and alluding to a need for an additional supply, that it might give him "face" with the auto-would-be agency as respects credit. He was to come back, so we understood from Mr. Mitchell, on Wednesday, but failed to appear. He suggested to Mitchell that he call the agency

and instruct them, that if the fellow returned, to have him held. At least the "Fear of God" might be driven into him, if he reappeared. Mr. Mitchell was of a mind with us, that nothing would come of it and that at most it was an exceedingly juvenile attempt. He promised further, that if anything further developed, he would phone us. Confident, you can rest absolutely assured that nothing other than a temporary annoyance will result. Should we hear anything further, we shall be pleased to keep you fully informed.

With personal regards, we are

Dear Mr. Rogers:

We write to inquire if you are in need of additional Penny Scrip at this time, if so by reason of the operation of the Consumers Sales Tax and the large demand it has created for this size, we are situated to make you very special prices as follows;

	Double Piercing same as before	If you can use Penny size, with- out piercing.
10,000 lot	\$1.05 per 100	80¢ per 100
20,000 "	1.00 "	75¢ "

Very res. J. O. H. Factory.

We are dispensing with the piercing of the Penny Scrip since this is the smallest denomination and not likely to be subjected to any duplication attempt; and taking advantage of the low prices, temporarily available. Prices named are for immediate acceptance and not guaranteed.

Yours cordially,

The Ingle- chierloh Company,

J. O. Chierloh.

Gentlemen:

Your telegram reached me this morning.
I have instructed my client to refuse the order.

Your request to give the name and address
of the client or the would-be purchaser was communicated
to the client and I regret that I have been unable to
obtain his permission to comply with such request. I
do not know what assistance I can give you in this
matter, but I shall be glad to help you in any way
that I can.

Very truly yours,

Attention: Mr. J. H. Schierloh

Gentlemen:

I have perused the correspondence which you have had with Attorney Louis L. Greenberg of New York City regarding an attempt on the part of some individual to fraudulently duplicate your scrip through a client of this Attorney Greenberg. Also note that he fails to give you any satisfaction as to the name or address of either his client or the party who has made the attempt to place an order fraudulently for your scrip.

If you succeed in obtaining any information as to the party's name or address, you may count upon our fullest cooperation.

Very truly yours,

SEY:BW

ACTING CHIEF OF POLICE.

June 14, 1937

Mr. S. F. Monchell, Auditor
POUD CREEK POWERHOUSE CO.,
Bartley, W. Va.

Dear Mr. Monchell:

Glad to be able to report that we killed an attempt to have some of your scrip duplicated. An attorney with a New York address advised us that a client of his was approached to duplicate the scrip and that they got in touch with him for advice. Of course the attorney pictured the entire set-up and communicated with us. We asked that he inform us the name of his client and also that of the would-be purchaser and his address, but it seems the client prefers to keep out of it and deems it best to withhold the information and without which we of course cannot move as quickly as we would like, in the matter, though we shall leave no stone unturned to accomplish what we are after. Of course, both our attorney and the local police department have been contacted and once we get the necessary information, we can "go to bat", at least to the extent of delivering a "stiff scare" to the party concerned -- since no actual fraud has as yet been committed.

We have a hunch that the attorney's client is engaged in the manufacture of slot machines or slot-checks, or both and that possibly some of these checks in circulation in your camp have a name on them (very often the manufacturer's name is imprinted on them in small type) and that very likely one of your employee's took occasion, with this information before him, to attempt to place an order.

You might be able to help us, by starting a sub-rosa investigation in an attempt to learn if a New York Concern's name does appear on some of these slot-checks in use there. If so, it may very probably be, the concern who has been approached in this instance and it would help us measurably in furthering our attempt to get the name of the would-be purchaser.

Of course we shall continue our efforts at this end and as stated, leave no stone unturned and also in the meanwhile, we shall try to get the attorney to see the justice of an expose and to convince his client accordingly.

Yours very truly,

INGLE-SCHIERLOH COMPANY

Mr. Louis L. Greenberg,
Counselor at Law,
342 Madison Avenue,
New York, N. Y.

Dear Mr. Greenberg:

We greatly appreciate the receipt of your letter of June 13th in reply to our wire of Saturday, advising that you have instructed your client to refuse to execute the order for a supply of our Master Retention Serial Scrip. Thanks for your cooperation in this.

It would however, assist us materially, if your client would see the justice of exposing the name and address of the would-be purchaser, even though they withhold their name. It was not our thought to involve them in any way in the matter. We were glad to be able to intercept the attempt, which is all that it amounts to, but we should by all means contact the individual making the attempt, so as to preclude his making another and in doing so, we need not even use the name of the concern through whom he made it. As intimated, if we don't, our customer will continue to be at the mercy of this fellow in his attempts to duplicate their scrip.

If you can possibly assist us in having your client give us this information, we will greatly appreciate the courtesy. Their "shirts are clean" in the matter and with our assurance of not having the least desire to draw them into the picture, we can see no reason for their not being willing to assist us in the premises. We are very certain, that under like circumstances, we should cooperate in such a matter.

Again thanking you for your kindness, we are,

Cordially yours,

Ingle-Schierloh Company

Statement of Nick Fraggotta. Age 37. White. Italian. Address; West Virginia. taken on the 17th day of August, 1937 by Gilbert Hunt

I was born in Anna, Italy, on the 2nd day of November, 1899. My father's name was Sam Fraggotta. He died in Italy about a year and a half ago. My mother's maiden name was Laura Pieggo. She is living and now resides at Anna, Italy. I have five sisters and one brother. My brother's name is John, and he lives in the Argentine. The last time that I heard from him was about three years ago. He is married. I don't know his address. My sisters names are; Maria, Concetta, Francesca, Grazia, Lilla. They are all married and living in Italy, in Anna I think. I do not know who they married. My father was a stone mason.

I came to the United States in 1914. I got to which on the 2nd day of January, 1914. I came over with Antonio Molino. I came over here to see my father, who lived at that time at Six, West Virginia, McDowell County. He was working in the mines at Six, for the Carter Coal Co. as a coal loader. I was over here two days and went to work for the Carter Coal Company as a coal loader. I worked for about three months and then went down to father and went to work for the Beckie Coal Company first as a trapper and then as a coal loader. I stayed there for about six months then I left and came back to Six and went to work loading coal there. My father then told me to go back to the old country and I stayed there at Six and worked there until 1917 and then I left and came up to Shannon Branch and worked there for about two weeks. Then I went back to Six and worked till November 14, then I got hurt. I was run over with a motor in the mine and both of my legs were cut off, one above the knee and one below. I was taken up to the Welch Emergency Hospital and stayed there for thirty-four days. I left there and went down to Shannon Branch and boarded and roomed with a fellow by the name of Angelo DiNelli. My daddy had come back from Italy and went to work at Shannon Branch. When I got hurt and got out of the hospital I went down there and lived with him in the place above. He paid all the bills and I mostly stayed in bed the whole nine months. We settled up with the compensation people then and they gave me a lump sum of about \$250.00 and I was to get \$4.00 a week for life pay work. I gave John Hartley about \$50.00 for getting my compensation for me. With the rest of the money I bought a set of legs--which came to about \$100.00. We left Shannon Branch and went over to Coalwood and my father loaded coal again and I didn't do anything because I couldn't get around. We both stayed there with a fellow by the name of Vanni--I don't know his last name. He got killed one year and out day after I was hurt. In January, 1919 my father went back to Italy and I stayed at Six and worked with some other fellows. I was doing the house work, cleaning and cooking. One of them was Sam Angelo, another was George--I don't know his last name. I stayed there and worked with them until November, 1919. I then went down to a fellow that owned a shoe shop at Coalwood and asked him for a job. He gave it to me and when I stayed there and worked for awhile. Then we started selling pop and peaches etc. and when I bought a half interest in the place. In 1921 I bought him out. His name was Patsy Romolina. I stayed there for awhile and then my uncle, who lived at 82 Joy St. Boston, Mass. came down and loaded coal for awhile. Then the Carter Coal Company decided to make some improvements and they had to take my property and so I decided to go back to Boston with my uncle at the above address. I shipped my shoe machines and went up there and went in business. My uncle's name is Ruzio DiGo. I stayed there in business for about six months

and then moved to 61 Loull Street in Boston and went in the shoe business. I left there and went to Ary, Mass, and went into the shoe business in a place owned by a fellow by the name of Miller. I stayed there until 1936. While I was there at Boston, at the 61 Loull St. I met Rocco Arina. He was a laborer and boarded across the street. He was single. I saw him any more until June of 1937 after I left Boston and went to Ary Mass. I left Ary in 1936 and came back to War, West Virginia and went into the shoe business in the building owned by Patsy Marinari. I stayed there for three years and four months and then I moved next door. That was about 1939. In 1930 I got married, on the 29th day of December to Dallis Hall who was living at War at the time. Her home was in Kentucky Wheelright, Ky. Her mother's name was Joney Hall. Her father was dead. I got my license here at Welch and we were married at War, West Virginia by preacher Painter. I stayed in War for awhile and then we moved up to Squire and stayed with a fellow by the name of Swetter. I stayed up there ten. While I was at War, about 1929 or 1930 I met Jim Smith. He stayed around there for awhile and then he left town. He was gone between two and three years and then I saw him again. I was back at War then, when I had moved my shop back down there. On the 15th day of October, 1931 I had a baby born, whose name is Maria. She is now with my uncle who lives at Helden, Mass. at 169 Seventh Street. My wife is there now too. When Jim Smith came back to War he said he had been to Middlebourne, Kentucky. Said that he had been painting there. He also said that he had been to Jellico, Tennessee. He said that he had been living with some woman in Middlebourne, Ky. and had a child by her. She was some widow woman and I don't know her name. I then went and moved down to the Murphy Bus Company corner in War and rented from him a room and went in the shoe-making business and stayed there until September, 1936.

In about April or May of 1936 Jim Smith came into my shop in War one day and said that he "wished he had some money." I didn't ask him any more at that time but he kept on coming in and finally he said that he could make money by making scrip if he had the money to get the dies made. He said that he could get them made in Kansas City but he didn't tell me the name of the place. He said that they would cost around fifty, or a hundre, or a hundred and fifty dollars. Charley Waters knew all about this because Jim Smith had told him all about it. After this time I then talked to Charley Waters myself. We were at the schoolhouse there at War. Jim Smith was with us. Charley Waters said, "You fellows go ahead and get it--we and Jim will make it." He also said that He would go his part of the expenses. In the 1st part of September or October of 1936 we decided to go to Kansas City to get the dies made. We left in my Dodge truck. Jim Smith and I were the only two who went. We went through Huntington, Cincinnati and St. Louis. We didn't try to get the dies made anywhere. We arrived in Kansas City and went around to where Jim Smith said that he could get them made. I think that it was the Best Stamping Company. It was near a small lunch stand and on the ground floor. Jim Smith said that there was the place, and motioned for me to go in. I went in and asked a girl there--do you make those-- and held out piece of scrip which Jim Smith had given me. It was a dollar denomination, and I think that it was Koppers Scrip. She asked me if I had the dies and I said no. Then she asked some man who was there and came back and said that they would take our order. Said that it would cost about a hundred and twenty-five dollars. I went out and told Smith and he said to put in an order for one thousand and also get to keep the dies. I went in and told her and they wanted twenty-five dollars deposit and so Jim Smith gave me twelve dollars of it and I made up the rest. I told them to send it to War, West Virginia, when they got them ready.

the place for them to figure the price and said then they would say how much it would cost in about two days. After that time Reed went back and came back and said they they said it would cost one hundred and sixty-five dollars. I gave him the money and he said that they told him it would take about three weeks. I was sick and told Lucy to go home. She did and I went up to Boston and tried to get treatments. During that time Lucy came up to Boston and we left there and came back to the same place in New York where we had stayed before and we stayed there for a week. We stayed there until August 31, 1937, I am god. And finally Reed came around and said that "well, here is the stuff." I didn't have the money to bring Lucy back with me and so she stayed up there and I was supposed to wire her or let her hear from me. I received a hundred and forty nine dollars from Stella Gubert who is the daughter of an uncle who lives in Malden, Mass. His name is Muzie Gubert. I had arranged for them to send it to me because I told them that I might want to buy a shoe machine. Well, I got on the bus in New York and came to Union. I stayed in the bus station all night and in the morning I took a taxi and went out to Coney Island. That was on Friday morning. Then I hitch hiked over to Mr. The fellow that took me to Mr. told me that Chetley Waters was in jail--but he didn't know which one. I went on over to Mr. and asked and asked if I could find his name and find. I could not find either one. Then I went to Marlboro to look for Tribble and I couldn't find him at that time. I came back down to Brooklyn and saw Tribble coming out of the Union meeting. He went to the house and came back in about an hour and looked me up. His wife was with him. He asked if I had good news and he then asked if he could see it. His wife was in the back seat--and I showed Tribble the dice. He drove over to Yonkers and we then went back to Marlboro. He went into the house and I went to sleep in the back seat of his car. That was about 1:30 Sunday morning, L. J. Brindley arrested me. I asked him before for ten dollars and he didn't have it. That was before we left for Welch.

I make this statement on my own free will and without duress or force put upon me whatsoever. This is all I know about this whole business and I have told the truth.

NEWSPAPER CLIPPING

MAN ARRESTED AT WAR ADMITS DIES WERE HIS PROPERTY

Attempts to Implicate Others--Authorities find No Scrip

Welch Daily News (August 18, 1937)----A bold plot to make coal company scrip has resulted in the arrest of Nick Fragitta, 37-year-old Italian of War, following a "tip" officers received several days ago. Following hours of questioning the man signed a complete confession at 11:50 o'clock this morning admitting that he had the dies and planned to counterfeit scrip money, Sheriff Fred L. Ray announced at this office.

Utmost secrecy had been maintained by county authorities since the arrest of Fragitta, on Saturday morning at Newhall. The man claimed that three othermen were implicated with him but investigating authorities stated that no other arrests were being made.

Fragitta, who had conducted a shoe shop at War for several years, was arrested at 9 o'clock Saturday morning while sleeping in a car on the streets of Newhall. He was arrested by Deputy Sheriffs L. L. Brindley, and Zeddock Waldron.

Bluefield Daily Telegraph (August 19, 1937)----LODGED IN JAIL ON TAX CHARGES---Nick Fragitta Faces Charges Growing Out Of Possession Of Dies to Counterfeit the Scrip Used By Koppers-----Nick Fragitta, 37, War was sentenced by Magistrate W. R. Lockhart in Welch Wednesday to 90 days in the county jail and was fined \$150 on a charge of failure to turn in consumer's sales tax reports, after he had been arrested and questioned for four days on charges of attempting to make counterfeit scrip.

Fragitta was arrested while he slept in his car early Saturday morning in Newhall. He was brought to the county jail and questioned at length on Monday and Gilbert Banks, crime investigator, Ray Deputy Sheriff L. J. Brindley and Gilbert Bank, crime investigator. In addition to these men, an agent of the department of justice, as well as an authority from the companies who manufacturescrip, took part in the questioning, examining the sets of dies which were found in a shoe box on the floor of the car when Fragitta was arrested. The dies were for one dollar pieces of scrip.

The federal officer stated that no counterfeit of U. S. Currency had been evident, and he left Welch on Wednesday. It was also discovered that the dies had notbeen used, and the representatives of the scrip manufacturing concern stated that it was highly improbable that the scrip could have been made with such equipment, since a 200-ton press is ordinarily used for that purpose.

Fragitta will probably be charged with attempting to violate the state forgery law, officials said. The man has resided in McDowell County for the past 23 years. He worked in several coal mines in the county, and more recently operated a shoe repair shop in Squire, later in War. In a signed confession Fragitta stated that he had made several attempts to secure the dies and other necessary equipment, and had at one time interested others in the scheme. He said he and another man went to Kansas City on October, 1936, and a die manufacturing company there agreed to make the equipment for them. Three weeks later, he said the company replied that they would be unable to make the dies, and sent back a deposit of \$25. The dies were to have been for Kopper Coal Company scrip.

Fragitta went to New York City last June he said and paid \$165 for the dies which he had on Saturday. He left New York by bus on Thursday, and after sleeping Friday night in the bus terminal in Welch, he went on to Big Creek District, where officers caught him asleep in a car on Saturday morning. So far as could be learned, no counterfeit scrip has been issued

Fragitta, a cripple, had both legs cut off in a mine accident when he was 17 years of age. Although news of his plan to make counterfeit scrip seemed to have leaked out in various parts of the county, officers maintained the utmost secrecy concerning his arrest in the hope that three other men, said to have been implicated, might also be apprehended. No other arrests have been made.

Welch Daily News (August 19, 1937)---FRAGITTA ORDERED HELD FOR ACTION OF THE GRAND JURY---Confessed Plot to Counterfeit Scrip in McDowell County-----Within only a few hours after he has signed a complete confession yesterday Nick Fragitta, 37-year-old Italian resident of War, was ordered held for action of the McDowell county grand jury by Magistrate W. R. Lockhart on charges of having in his possession dies with which to counterfeit Pond Creek Pocahontas Coal company scrip.

Fragitta, who conducted a small restaurant at Yukon, was also given a hearing on charges of failing to turn over \$18 of consumers sales tax, which he collected, to the state tax commissioner. He was found guilty and drew a 90 day jail sentence and a fine of \$150.

Fragitta plead guilty to both the charges of having dies in his possession and failing to make consumers sales tax returns. He had previously signed a confession to the ownership of the counterfeiting materials.

The man was arrested at Hartwell by Deputy Sheriffs L. J. Brindley and Zeddock Waldron Saturday morning while sleeping in a car. He was brought to the county jail at Welch, where under incessant questioning he broke down and signed a confession about 11:50 o'clock Wednesday morning. The arresting officers acting on a "tip" searched the car in which Fragitta was sleeping and found a paper bag containing dies with which to counterfeit scrip, on the floor of the car.

County officers had conducted an investigation in the utmost secrecy since the arrest of the Italian born War citizen and despite the fact that the man listed three accomplices, no other arrests have been made. Although offices had given out no information until a signed confession was obtained from Fragitta, several parties throughout the county are said to have had had information that attempts were to be made to counterfeit scrip.

Fragitta, who lost both legs in a mine accident at the age of 17, stated in his confession that he obtained the dies in New York City. He returned to Welch, Friday, sleeping in the bus terminal here that night. He went to Hartwell Saturday, where he was arrested.

This was the mans second attempt to obtain dies to counterfeit the scrip. Last October he went to Kansas City where an order was placed for dies to make Koppers scrip. However the company failed to make the dies and Fragitta returned after three weeks and was refunded \$25 left as a deposit.

The dies in Frigatta's possession were to make \$1 Pond Creek and Pocahontas scrip. While officials of the coal and scrip companies who were called to aid but without the aid of a large press the scrip could havn not been made. Fragitta planned to use a hammer to make the necessary impressions.

Gentlemen:

We have not found any new information in connection with our scrip case. A written history and confession was secured this morning, and publicity starting in today's local paper.

I am enclosing, herewith, \$9.00 in scrip taken from our stock, which appears to have some differences, and I would like for you with the return of this scrip advise whether or not it was made by your company.

I will advise you further in the next few days.

Dear Sir:

I am returning, herewith, your file in connection with the attempt to counterfeit our scrip, which was given to me while in the sheriff's office, Tuesday.

I have made copies of these letters and telegrams and passed them to our counsel. I thank you for your cooperation in this matter, and will advise you of any further developments which may occur.

Mr. Rolla D. Campbell,
Huntington, West Virginia.

Dear Sir:

Last week on request of Mr. Fife, Auditor at Bartley, we met him and several gentlemen who manufacture scrip for the Road Creek Locomotive Company in the office of the Sheriff of this county in connection with the investigation of activities by one Dick Froggatta, who had been arrested by authorities locally, having in his possession dies for counterfeiting Road Creek Road scrip.

Enclosed is copy of the statement obtained by the local authorities, Gilbert Cook, investigator for the prosecuting attorney, and L. S. Brindley, deputy sheriff. We have also been informed that Mr. Osborn, at some time in Cincinnati which also takes care of your scrip, had been here and was going on to New York to check on on the activities of persons with whom Froggatta had been associated there. We did not see Mr. Osborn. It may be that he will get in touch with your office in New York or Huntington.

If there is anything further we can do, please advise us.

As the matter now stands, Froggatta has been wound over to the grand jury, which meets in October, on the statutory charge of having dies in his possession with intent to counterfeit scrip. U. S. Code Ch. 31, Art. 4, Sec. 5; (Michie's Code Sec. 5994.)

You will note from Froggatta's statement that he implicates several other people. No other arrests have been made, however. We are not offering any encouragement or discouragement to the authorities in making further arrests at this time, since about all we have is that taken in the statement of Froggatta and we do not want to involve the company in possible false arrest claims, and the authorities do not appear

R. D. C. 8-25-37 - 2

inclined to make further arrests just now. The woman whom he named in his statement is still in New York, so far as we know. If she returns to this county, the authorities intend to arrest her and see what additional light may be cast on the matter by statement from her.

The scrip manufacturers who examined the dies stated that they did not think any counterfeit scrip had actually been made with the dies, and stated that they felt in fact it would be almost impossible to make scrip with these dies without the use probably of a two-hundred-ton press, none of which are available in this vicinity. Fragette states that he was told by one of his accomplices that they could make the scrip simply by using a sledges hammer on the dies. He apparently was picked up immediately after arriving in this county from New York with the dies.

Mr. Fife was thoroughly conversant with the matter, and we have tendered our cooperation to the authorities whenever requested. It appears to us that the local authorities have gotten right much interested in the case and are conducting about as thorough investigation as they have facilities for locally. The chief question that occurs to us is whether or not the company desires to press the investigation itself in New York. Mr. Fife and the writer endeavored to 'phone you the day the matter arose but you were out of the city. It seems to us that since Mr. Copern left here with the intention of going to New York for further investigation, we should await further reports from him.

Yours very truly,

we can be of assistance, you will not hesitate to call
upon us, please.

We glad to receive your call from Cincinnati Office
and will have our Engineering Department Office to
have conference upon matters this afternoon. Pieces of
rolling stock, also in the condition with details set
down in our letter of the 24th and round which accompany-
ing. We, as stated, have entered the order and will push
this lot through as fast as we can, contingent upon time
required to make the new crossing and piercing dies.

Very sincerely yours,

Dear Mr. Fife:

The enclosed map, even though somewhat rough, showing what we have in mind for the coin layout for the face side of the new dollar scrip, with some irregular design of piercing. In addition to the employment of brass, we believe this will give you a piece that will be distinctive.

We have entered your order for 15,000 pieces and we figure the total cost to you, under the proposed 50% discount, at \$70.87 plus the delivery charges, which will not be a great deal. On second thought we will prepare and allow the delivery charges, making shipment via express to English. If through any slip-up there should be any carrying charges on the shipment, deduct them from the invoice, though we are issuing instructions to our shipping department in pursuance of the above. On this shipment, we will insure for purchase value, but on subsequent shipments, after pieces are in circulation, as has been our policy, we will insure for face value, that is, assuming more pieces should be ordered later.

We trust the above meets with your full approval.

A. Goodridge Hale, Jr.,
Hale, St. Clair & Hale,
Walch, West Virginia.

Dear Sir:

Mr. Campbell is away from town and will not return until after the 1st of September. As I am, unfortunately, remiss of your letter to him, dated Aug. 3rd, together with copy of the confession of Eric Fongstien. There is also a letter here from Mr. Fie forwarded to Mr. Campbell, under date of Aug. 19, with which he enclosed copy of certain letters and telegrams passing between Lucie Goodrich Company and Attorney Greenberg of New York, relating to the same subject.

It seems that you and Mr. Fie have done about all that can be done in this matter. Fongstien is under arrest, and unless he chooses to repudiate his confession, or even if he does, it would seem that if the prosecuting Attorney does his duty, Fongstien will be sentenced to the penitentiary somewhere between ten and ten years. Fongstien seems to have told a plausible enough story, but the information from the New York lawyer that his client had been asked to make a list of the names of 2,000 persons would indicate that Fongstien was trying to get 2,000 impressions made with his list. Of course, Greenberg's client may have taken his advice and refused to accept the order. On the other hand, they say here were the list only and refused to make the impressions. I am sure you have an impression of the list and by careful scrutiny would be able to detect the difference between this and our genuine script.

I do not know of anything further than we can do in the matter at this time, but will tell it to Mr. Campbell's attention upon his return.

Yours truly,

Edmond J. Greenberg

Re Order #PC 15767
10M Scrip Pennies

Dear Mr. Smythe:

Thanks for the above mentioned order. Your reference is to an order placed with us in 1934 rather than 1935.

Subsequent to that date, by reason of the heavy demands placed upon the users of our Scrip, by reason of sales tax requirements, we arbitrarily cut the price on this denomination, to less than one half our former charge, so as to preclude the use of U.S. pennies and thus perchance destroy the Scrip Record.

Consequently, whereas you were charged \$200.00 for the 10M lot in 1934, this lot of 10M nickel silver Penny Scrip, with the PP piercing as before, will be charged at \$80.00 for the lot.

Very res., F. O. B. Dayton, Ohio.

Since this will be an Express shipment, we will forward the lot to English, instead of Bartley, which we believe to be correct.

With reference to the New Dollar Pieces on your recent order, be advised please that these will go forward within the next day or two. Be so good as to inform Mr. Pile of this, if you will please. We have had rather a crowded schedule and as a result we have been delayed somewhat in making as prompt shipment as we should have liked.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeated message and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

1. The company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeated-message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeated-message rate beyond the sum of five thousand dollars, *unless specially valued*; nor in any case for delays arising from unavoidable interruption in the working of its lines; nor for errors in cipher or obscure messages.
2. In any event the company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the sum of five thousand dollars, at which amount each message is deemed to be valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeated-message rate is paid or agreed to be paid, and an additional charge equal to one-tenth of one percent of the amount by which such valuation shall exceed five thousand dollars.
3. The company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.
4. Domestic messages and incoming cable messages will be delivered free within one-half mile of the company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for their delivery at a reasonable price.
5. No responsibility attaches to this company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the company's messengers, he acts for that purpose as the agent of the sender.
6. The company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the company for transmission.
7. It is agreed that in any action by the company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.
8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.
9. No employee of the company is authorized to vary the foregoing.

CLASSES OF SERVICE

TELEGRAMS

A full-rate expedited service.

NIGHT MESSAGES

Accepted up to 2:00 A.M. at reduced rates to be sent during the night and delivered not earlier than the morning of the ensuing business day.

Night Messages may at the option of the Telegraph Company be mailed at destination to the addressee, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such night messages at destination, postage prepaid.

DAY LETTERS

A deferred day service at rates lower than the standard telegram rates as follows: One and one-half times the standard night letter rate for the transmission of 50 words or less and one-fifth of the initial rates for each additional 10 words or less.

SPECIAL TERMS APPLYING TO DAY LETTERS:

In further consideration of the reduced rate for this special Day Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of regular telegrams.

B. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely, and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of regular telegrams under the conditions named above.

NIGHT LETTERS

Accepted up to 2:00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The standard telegram rate for 10 words shall be charged for the transmission of 50 words or less, and one-fifth of such standard telegram rate for 10 words shall be charged for each additional 10 words or less.

SPECIAL TERMS APPLYING TO NIGHT LETTERS:

In further consideration of the reduced rates for this special Night Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

Night Letters may at the option of the Telegraph Company be mailed at destination to the addressee, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Letters at destination, postage prepaid.

FULL RATE CABLES

An expedited service throughout. Code language permitted.

DEFERRED HALF-RATE CABLES

Half-rate messages are subject to being deferred in favor of full rate messages for not exceeding 24 hours. Must be written in plain language.

CABLE NIGHT LETTERS

An overnight service for plain language communications, at one-third the full rate, or less. Minimum of 25 words charged for. Subject to delivery at the convenience of the Company within 24 hours.

SHIP RADIOGRAMS

A service to and from ships at sea, in all parts of the world. Plain language or code language may be used.

Mr. W. T. Smythe, Director, Purchases & Stores

Gentlemen:

Replying to your favor of the 29th instant, please be advised that the price you refer to as having been made you on a previous shipment of 13,500 pieces of Dollar Scrip, namely \$14.00 per M., was exactly one-half the price current on a lot of 13,500 pieces.

At the time this purchase was made, it was desired to change all of your Dollar Scrip in use - 13,500 pieces - and as a special concession, we assumed one-half the price. The price is the quantity stated, is \$28.00 per M. On a 5,000 lot, the current price is \$31.00 per M. For your further information, here are the current prices on variable quantities, beginning with the minimum of 100--

	100/	300/	600/	2M/	5M	10M
	200	500	1000	3M		
DOLLARS- per100-	\$4.25	\$3.75	\$3.50	\$3.25	\$3.10	\$2.80

Terms net 30 days - F. O. B. Dayton, Ohio

We trust that with the receipt of the foregoing information, this matter of price variation may be cleared to your complete satisfaction.

Thanking you sincerely for past favors and with personal regards, we are,

Yours very truly,

J. H. Schierloh-3

Ingle-Schierloh Company

P.S. Since our correspondence on the subject of "concession in price on 13,500 lot" was with Mr. Pile, you may not have had information on this. We quote in part from second paragraph of our letter to Mr. Pile, dated Aug. 24, 1937 "Have entered your order for the 13,500 pieces under the proposed 50% discount, etc."

Gentlemen:

We have your invoice No. 8095 of October 25th, in amount of \$155.00, covering our order FC-19938.

We shall appreciate your checking this price again, as we believe it is out of line. The last time we purchase metal scrip, 13,500, the price was \$14.00 M, which makes your invoice No. 8095 more than double the former price.

Yours very truly,

Gentlemen:

Since receiving our last purchase of metal scrip, we have redeemed through our stores the enclosed \$1, which is colored a little different from the other scrip.

We will appreciate your inspecting this scrip in order that we may check and determine if this was included in our last purchase or if it is counterfeit and return to us.

Dear Mr. Pile:

Yours of the 4th and sample Dollar Piece at hand. This is of our manufacture.

The previous run of 1 1/2" diameter pieces were of Nickel Silver and this blank doubtless stuck in the blanking die. Seldom but when such occurrences are caught in subsequent operations checking, but in this instance, probably by reason of artificial light, it seems to have gotten through without detection.

Destroy the piece, which we are returning as requested, and we shall include an additional piece on the order now in the plant, so that your records may be kept straight.

Yours cordially,

Attn: Mr. G. Pile, Auditor

Dear Mr. Pile :

Yours of the 25th. Since the receipt of your previous letter wherein you referred to a Nickel Silver piece that was struck in error, we have given explicit instructions with reference to a most careful check of all the blanks, before joining.

This particular piece that you submit, is authentic, but of 17 RMC gauge, instead of 16 RMC gauge. We have had another piece struck up to displace the piece sent us, returning both pieces herewith. Please destroy the one of lighter gauge. Sorry to have caused you this inconvenience.

With the instructions we have issued, this thing should be definitely obviated in the future.

Yours cordially,

Mr. W. G. Giddings, Gen. Auditor
Island Creek Coal Company
Huntington, W. Va.

Dear Mr. Giddings:

Am very sorry that I through an oversight failed to certify the destruction of all the old metal scrip that was returned to us sometime ago from Island Creek Coal Company, Pond Creek Pocahontas Company, Mallory Coal Company and Mariana Smokeless Coal Company.

At the time all of this scrip was put through a shredding machine, the count of each Company was carefully checked and found to be substantially correct, with exception of slight differences, as follows:

The count of Mariana Smokeless Coal Company was:

96 dimes short
1 nickel "
2 pennies "

The count of Mallory Coal Company was correct, including Exploder checks.

The count of Island Creek Coal Company was correct, with exception of 39 pennies short.

The count of Pond Creek Coal Company was:

1 quarter short
9 nickels over
88 pennies short.

While our count was all by machine, which is supposed to be quite accurate, it is to be admitted that we could have made some slight errors. However, we found the count of each Coal Company to be substantially correct, at least close enough to go ahead with the destruction of this scrip without doing any double checking, and we are, therefore, in position to certify that all scrip received from each of the above Companies was placed in safe-keeping until the time of our count, which was just previous to its destruction and that none of this scrip had any chance to get misplaced, lost or stolen before it was destroyed.

We are sending a copy of this letter to each of the above Companies for their respective files.

Dear Mr. Smith:

Thanks for your favor of the 20th. Just a little correction in the matter of quantities. You used the basis for computation for each \$1,000. monthly business, but as a minimum we do not take less than 100 per. of business. See sheets attached.

We have taken the liberty of entering your order as follows, and in pursuance of which you \$10.00 and returned, merely;

100	Per. Dollars,	Nickel Silver
100	"	Halves, Brass
100	"	Quarters, Bronze
125	"	Dimes, Nickel Silver
125	"	Nickels, Brass

Dear Mr. Crichton:-

I am directing this letter to you personally in the hope that the matter in question may be taken care of immediately.

We have repeatedly called your firm's attention to our invoice of September 8th, 1925 in the sum of \$86.02, without receiving the courtesy of a reply. Recently, we made draft on the company for the amount in question but our draft was returned, apparently no attention having been given the notice received from the bank.

It is our conviction that you desire an amicable adjustment of this matter and for that reason we are addressing you. Please let us hear from you immediately as you doubtless appreciate that we cannot permit the account to continue to ride, since it has now gone more than 90 days past the due net period.

Yours truly,

Ingle - Schierloh Company.

Re. invoice September 8, 1926. \$6.02

Dear Sir:-

We have made every possible and reasonable endeavor to obtain settlement of the above mentioned invoice on an amicable basis. Numerous letters (requests) have been addressed to your firm without our receiving so much as the courtesy of a reply.

In consequence of the foregoing, unless remittance is received at this office within ten days from date, we shall be compelled to take action to enforce collection. We reaffirm that we have honestly tried to effect a peaceable settlement and our correspondence will evidence this. There still remains this opportunity to get the item settled without additional expense. We trust it can be accomplished.

Yours truly,

April 21, 1927.

Mr. E. J. Colleson, Manager,
F. F. Food, Boston,
Wellwood, Mass.

Dear Sir:-

We have had hundreds of the 22nd. permit us to say at the very beginning of our reply, that have you thoroughly grasp the benefits and advantages of the F. F. Food plan, you will wonder how you ever managed without it.

Since 1908 it has been the outstanding industrial store system, meeting every possible business need, more fully than any other plan could.

That's a broad statement, and this should prove it, namely; that in the state of West Virginia, your county, Lincoln County, has been adopted by at least 85% of the farmers, all leading farmers and business or Braddock ranch scrip. The very obvious reason for the general adoption of this -- it's the simplest, the most economical and most efficient system on the market, bar none.

Customers, farmers, business and savings banks, endorse it - and only because it has proven to be more better than any other plan for it.

It's a permanent system - will last a business life-time - and there is just the one way. No continuous paying as with paper coupons etc., speedy and accurate and absolutely correct records of all scrip transactions. A "same as cash" plan.

The quotation herewith covers a supply of F. F. Food plan, which will meet your needs in fine shape and we are offering you our very lowest price. We also enclose rough advice for the face side of your scrip - and note please, that through each place we propose to cut, the letter "F" as a special and "quick" identification mark.

We want a representative of the National Cash Register Co., to give you further details about their scrip issuing register, which without a single question, is the best register for the purpose on the market. Please note from the enclosed literature, the number of large and important concerns that use and are enthusiastic about it. The business is 100%. You will make no mistake in its adoption.

Putting your O. K. to this plan, will unquestionably mean the best investment you could make for your store and we trust you will let us hear from you at once.

Very truly yours,

General Manager.

Dear Sir:

We have sent you a representative from
the Indiana Office of the National Cash Register
Co., called on you and asked for further details re-
garding the use of cash registers.

Our information is, that you are just
opening a mine and that your order will be forth-
coming soon. We must give you authority at
the earliest possible date to enable us to get out
the necessary dies etc. in ample time, so as to avoid
any unnecessary delay in the manufacture of your script.

Mr. Wood is using this system in one of his own
mines, so that doubtless the value of the plan is well
known to him.

We would welcome a line from you at your earliest
convenience and if any point in connection with the
plan is not yet clear to you, please leave no hesitancy
in asking for additional information.

Very cordially yours,

General Manager.

Dear Paul:-

Presume your man has not seen the W. S. Wood, prospect at Bellwood, since your report of May 3rd, has he? Have been following this one diligently since -- also the Hutchinson outfit. Hope we eventually get the later -- since as we recall, you stated there were five places involved.

A convention of Commissary Managers is scheduled to be held at Cincinnati on August 24th and 25th - looking toward the establishing of an organization. Hope to induce Mr. Garry to spend some time with us down there. While there will be no solicitation of business permitted - some good may result. Wish it were possible for you to make this.

What think you of a private mailing card, such as the proof inclosed - would welcome your slant on this.

Best wishes,

Dear Sir:

Several years ago we furnished your company with their requirements (at that time) in patented Metal Scrip. It seems strange that meanwhile we should not have been favored with orders for "fill-ins" though possibly none were needed. However that may be, we should like to know for the matter of our records, if the store is still in operation and if Master Metal Scrip is still in use. Thanking you kindly for the courtesy, we are,

Gentlemen:

Your order for 700 pieces of Master
Metal Strip has been received.

Our records are clear as far as the
pieces are concerned, but it seems that we have no
samples or written record of the nickels.

If you will send us a sample of the
nickel it will help us quite a bit in filling your
order correctly.

Yours truly,

Gentlemen:

The Pardee-Curtin Lumber Company, Bergoo, W. Va., is operating three stores in which they are using coupon books scrip. Two of these stores are doing between fifteen and twenty thousand dollars volume per month and the other one is new but it is estimated that it will do between five and ten thousand dollar volume per month.

I have a proposition up with these people for cash required and metal money and would like information sent to Mr. Davis, c/o Pardee-Curtin Lumber Company, Bergoo, West Virginia, advising him the approximate amount of metal money scrip to operate the above mentioned stores, that is the least amount in your opinion necessary.

I will appreciate your sending me copy of your letter to Mr. Davis with cost of the metal money required.

Yours very truly,

O. N. Lowry

BUILDING

DAYTON, OHIO

June 15, 1927.

Mr. A. C. Alexander, Pay Roll Clerk,
Southern Smokeless Coal Company,
Fire Creek, (Envy) West Va.

My Dear Mr. Alexander:-

We are very glad, as you request, to give you an immediate answer to your inquiry regarding cost of a supply of MASTER PATENTED METAL SCRIP sufficient to handle your business. The inclosed quotation covers a special price that we are making you subject to immediate acceptance.

No doubt about it, the Master Patented Metal Scrip system is the the Safest, Cheapest and Most Satisfactory system on the market today. For the very small sum stated in the quotation, you get a business life-time system - no continuous buying. The first cost is the last.

It's a Same As cash plan - giving you every advantage that cash transactions give you -- SPEED, ACCURACY, NO DISPUTES, FEW MISTAKES, BETTER RECORDS, in fact GREATER SATISFACTION all around.

You'll never for a minute regret putting in this plan -- it'll easily pay for itself over and over again -- the hundreds upon hundreds of users throughout the country will readily testify to this. Think of it, 85% of the stores in West Va. are users and boosters of Patented Metal Scrip - wouldn't think of using any other plan. Because it's a MONEY and TIME SAVER and best of all it's TROUBLE FREE. Simple to understand and better appreciated by all - customers as well as clerks - because it's like cash.

The Register, which is explained herewith, sells at \$500.00 and can be bought on monthly terms. It's a Great Seller because it delivers the goods. It may be too much money for you to pay out for your size business - that's for you to decide. You can buy the Scrip separately.

We furnish different color receipts - for the issuing clerk - in 6 different denominations; \$1.00 - \$2.00 - \$3.00 - \$4.00 - \$5.00 and \$10.00. Each different denomination is numbered from 1 up and padded 100 receipts to the pad. The amount is printed in which in addition to the different color, enables you to quickly tell one from the other; and by the number system you can quickly and accurately figure how much scrip was issued.

We do not make up less than 1000 receipts (10 pads) of any one denomination; the receipts sell for \$2.50 per thousand. We merely mention the receipt in passing, so as to give you some thought as to how some of the users handle issues - that is, those who do not have the Scrip Issuing Register.

Now regarding our Scrip itself -- it's the very best and the safest thing of its kind that can be had -- millions of pieces have been sold throughout the country and never a single piece counterfeited, because of our Patented features. Furthermore, there's practically no wear out to it -- it sure is economical.

The sample we are inclosing, shows you the special wording that we put on all West Virginia Scrip to conform to the law in every way -- in fact we were instrumental in having the present law put on the books, through the cooperation of the President of one of the largest companies in your state, which is using our Scrip System.

The sketch herewith, while jus a rough one, will give you an idea as to how your scrip will be made up to give it good appearance - this is for the face side, you understand, the reverse side will be like that of the sample we are sending you.

Now, we might add, that we could probably get this scrip out in time for you to have it for installation by July 1st, but that would require quick action on your part. If you want to get your order next in line and have it rushed, then we suggest that you wire us collect. We'll enclose a wire with this letter, to save time.

You are sure, Mr. Alexander, to find this small investment to be the very best paying one your firm ever made and we shall expect to hear from you at once.

Yours for LARGER SUCCESS,

J. H. SCHIERLOH COMPANY.

The amount is printed in which in addition to the different color, enables you to quickly tell one from the other; and by the number system you can quickly and accurately figure how much scrip was issued.

We do not make up less than 1000 receipts (10 pads) of any one denomination; the receipts sell for \$2.50 per thousand. We merely mention the receipt in passing, so as to give you some thought as to how some of the users handle issues - that is, those who do not have the Scrip Issuing Register.

Now regarding our Scrip itself -- it's the very best and the safest thing of its kind that can be had -- millions of pieces have been sold throughout the country and never a single piece counterfeited, because of our Patented Features. Furthermore, there's practically no wear out to it -- it sure is economical.

The sample we are inclosing, shows you the special wording that we put on all West Virginia Scrip to conform to the law in every way -- in fact we were instrumental in having the present law put on the books, through the cooperation of the President of one of the largest companies in your state, which is using our Scrip System.

The sketch herewith, while just a rough one, will give you an idea as to how your scrip will be made up to give it good appearance - this is for the face side, you understand, the reverse side will be like that of the sample we are sending you.

Now, we might add, that we could probably get this scrip out in time for you to have it for installation by July 1st, but that would require quick action on your part. If you want to get your order next in line and have it rushed, then we suggest that you wire us collect. We'll enclose a wire with this letter, to save time.

You are sure, Mr. Alexander, to find this small investment to be the very best paying one your firm ever made and we shall expect to hear from you at once.

Yours for LARGER SUCCESS,

INGLE-SCHIERLOH COMPANY.

Dear Sir:-

We are just in receipt of your letter of the 21st., re.
BASTED PATENTED UNTIL SCOTCH installation.

In order that there may be no mistake in our interpretation of your wishes, we gather that you want a sufficient assortment of Scrip for a \$5000.00 Monthly Scrip Business instead of \$3000.00 -- further that the assortment shall include \$10.00 and \$5.00 pieces, referred to in your letter as "FIVES AND TENS".

If the foregoing is correct, let us suggest that the \$5.00 and \$10.00 pieces be made up in escalloped shape. The other denominations being made up in round, the larger denominations will be easily distinguishable.

Moreover, from our past experience in this one field, covering 18 years, we would recommend the following assortment:

100	Pcs.	\$10.00	Escalloped	--	Brass
100	"	5.00	"	--	Copper
500	"	1.00	ROUND	--	Brass
300	"	.50	"	--	Nickled
300	"	.25	"	--	Copper
450	"	.10	"	--	Brass
450	"	.05	"	--	Nickled
700	"	.01	"	--	Copper

Price of the above assortment -- \$90.00; less 3% 10 days, or 30 days net. F. O. B. Dayton, O.

If the foregoing meets with your approval, please wire us on receipt hereof to proceed with order as outlined in our letter - sending your message collect please. We sincerely regret this slight delay, but we are anxious to serve you in a way that will thoroughly meet your requirements and you may absolutely depend upon our pushing your order through with all dispatch, just as soon as we have your reply.

Dear Mr. Alexander:

Since on your inquiry card you requested immediate information about patented Master Metal Scrip, we fully expected an immediate reply to our letter of May 15th.

We endeavored to, and hoped we did give you full and complete information so as to enable you to at once get a clear cut idea of the merits of Patented Master Metal Scrip. We also quoted you a very special low price.

We repeat again that patented Master Metal Scrip will pay back its small cost many times over in actual cash savings to say nothing of the satisfaction resulting from its use.

Will you please use the inclosed, stamped envelope informing us at once what decision was reached?

To us it represents but a small order, but we are anxious to serve you, knowing as a result we will have one more enthusiastic user added to our list.

Your prompt reply awaited.

Dear Sir:

In reply to your wire, we replied immediately-
"WELET CAN FURNISH SCRIP ASSORTMENT IN OCTAGON
SEVENTY FIVE DOLLARS"

You asked for Hexagon. The calls for Hexagon, have been so very few, that we have never felt justified in making up a set of dies and collars for the presses, that is such as would look like anything. Such as we have would turn out a flat piece without a shoulder and we do not recommend their use.

From the asking, we gathered that this was not a "fill-in" requirement, but a new and small set-up and that perchance what they really wanted, was something distinguishable from round, in which case, our suggestion would not be amiss. We hope we are right and that our wire served your purpose.

The price quoted, allows for 25% commission as requested.

ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS:

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unrepeated message rate is charged in addition. Unless otherwise indicated on its face, this is an unrepeated message and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

1. The company shall not be liable for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the unrepeated-message rate beyond the sum of five hundred dollars; nor for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the repeated-message rate beyond the sum of five thousand dollars, unless specially valued; nor in any case for delays arising from unavoidable interruption in the working of its lines; nor for errors in cipher or obscure messages.

2. In any event the company shall not be liable for damages for mistakes or delays in the transmission or delivery, or for the non-delivery, of any message, whether caused by the negligence of its servants or otherwise, beyond the sum of five thousand dollars, at which amount each message is deemed to be valued, unless a greater value is stated in writing by the sender thereof at the time the message is tendered for transmission, and unless the repeated-message rate is paid or agreed to be paid, and an additional charge equal to one-tenth of one percent of the amount by which such valuation shall exceed five thousand dollars.

3. The company is hereby made the agent of the sender, without liability, to forward this message over the lines of any other company when necessary to reach its destination.

4. Domestic messages and incoming cable messages will be delivered free within one-half mile of the company's office in towns of 5,000 population or less, and within one mile of such office in other cities or towns. Beyond these limits the company does not undertake to make delivery, but will, without liability, at the sender's request, as his agent and at his expense, endeavor to contract for him for such delivery at a reasonable price.

5. No responsibility attaches to this company concerning messages until the same are accepted at one of its transmitting offices; and if a message is sent to such office by one of the company's messengers, he acts for that purpose as the agent of the sender.

6. The company will not be liable for damages or statutory penalties in any case where the claim is not presented in writing within sixty days after the message is filed with the company for transmission.

7. It is agreed that in any action by the company to recover the tolls for any message or messages the prompt and correct transmission and delivery thereof shall be presumed, subject to rebuttal by competent evidence.

8. Special terms governing the transmission of messages according to their classes, as enumerated below, shall apply to messages in each of such respective classes in addition to all the foregoing terms.

9. No employee of the company is authorized to vary the foregoing.

CLASSES OF SERVICE

TELEGRAMS

A full-rate expedited service.

NIGHT MESSAGES

Accepted up to 2:00 A.M. at reduced rates to be sent during the night and delivered not earlier than the morning of the ensuing business day.

Night Messages may at the option of the Telegraph Company be mailed at destination to the addressees, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such night messages at destination, postage prepaid.

DAY LETTERS

A deferred day service at rates lower than the standard telegram rates as follows: One and one-half times the standard night letter rate for the transmission of 50 words or less and one-fifth of the initial rates for each additional 10 words or less.

SPECIAL TERMS APPLYING TO DAY LETTERS:

In further consideration of the reduced rate for this special Day Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

A. Day Letters may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such Day Letters is, in all respects, subordinate to the priority of transmission and delivery of regular telegrams.

B. This Day Letter is received subject to the express understanding and agreement that the Company does not undertake that a Day Letter shall be delivered on the day of its date absolutely, and at all events, but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such Day Letter on the day of its date during regular office hours, subject to the priority of the transmission of regular telegrams under the conditions named above.

No employee of the Company is authorized to vary the foregoing.

NIGHT LETTERS

Accepted up to 2:00 A.M. for delivery on the morning of the ensuing business day, at rates still lower than standard night message rates, as follows: The stand-

ard telegram rate for 10 words shall be charged for the transmission of 50 words or less, and one-fifth of such standard telegram rate for 10 words shall be charged for each additional 10 words or less.

SPECIAL TERMS APPLYING TO NIGHT LETTERS:

In further consideration of the reduced rates for this special Night Letter service, the following special terms in addition to those enumerated above are hereby agreed to:

Night Letters may at the option of the Telegraph Company be mailed at destination to the addressees, and the Company shall be deemed to have discharged its obligation in such cases with respect to delivery by mailing such Night Letters at destination, postage prepaid.

No employee of the Company is authorized to vary the foregoing.
